North Dakota Governor's school is June 12. Planned activity categories for students are going to be birds and herps, with fish also being a likely candidate.

The 2005 BSGSA symposium website has been update to include a registration form; the address has yet to be made public but will be shortly. The symposium's budget is currently \$4,000 but more money is expected from other sources. We are still looking for a second keynote speaker. Suggestions should be sent to Mark.Davis@ndsu.nodak.edu or Matthew.Smith@ndsu.nodak.edu

BSGSA elections will be held next week. Nominations should be sent to mark.davis@ndsu.nodak.edu

Congratulations to Susan Spinar and Todd Boonstra for winning the BSGSA equipment grant.
